Score adjusted as follows

Any scores over 300 do not qualify for any adjustments.

- o Recurve - as scored,
- o Longbow plus 38%, (Only applies if **less** than 300 scored)
- o Barebow plus 21%, (Only applies if **less** than 300 scored)
- o Compound minus 18% (Only applies if **over** 300 scored)

Could I ask the league secretary of the club send a list of best score from the month to myself.

As we are already into July any score up to 8 Aug can be included as a July score, but then cannot be used for the Aug also.

If it becomes clear that many clubs are unable to shoot in July, but have started in time for August. I will take the best 2 months scores for every archery (even if some have managed 3).

Hope this is clear.

Stay safe and well
